

AMENDMENT

Unmarked Version

Amended, attached, Petition for a writ of habeas corpus, filed in the United States District Court for the District of Columbia, is hereby submitted to the Court for its consideration under 37 C.F.R. § 1.136(a).

In the claims:

Case No. 09-2333, filed in the United States District Court for the District of Columbia, is hereby submitted to the Court for its consideration under 37 C.F.R. § 1.136(a).

A copy of this sheet is enclosed.

Presented below are the claims in a clean, unmarked format:

- Sub
D1
- 1 19. A method of facilitating person-to-person commerce over a network, the
2 method comprising:
3 retrieving one or more thumbnail images of items for sale from a first site;
4 aggregating the retrieved thumbnail images; and
5 presenting the aggregated thumbnail images on a web page at a second
6 site.
- 1 20. The method of claim 19, wherein said presenting the aggregated
2 thumbnail images comprises:
3 determining a predefined page format;
4 retrieving item information corresponding to the items to be displayed, the
5 item information including a thumbnail image corresponding to the
6 item; and
7 populating the predefined page format based on the retrieved item
8 information.

RECEIVED

Patent

1 21. The method of claim 19, wherein a given one of the thumbnail images

2 Attorney's Docket No. 3801P001C3

3 presented on the web page at the second site is presented with at least

4 one of the following:

5 a title associated with an item with which the given thumbnail image

6 corresponds;

7 a current bid on the item corresponding to the given thumbnail image;

8 and

9 an auction ending time for the item corresponding to the given thumbnail

10 image.

11 22. The method of claim 19, wherein the thumbnail image is based on a user-

12 specified image.

13 23. A method of displaying items to facilitate person-to-person online trading,

14 the method comprising:

15 accessing a first thumbnail image associated with a first item for sale, the

16 first thumbnail image created based on a first image at a first

17 remote site;

18 accessing a second thumbnail image associated with a second item for

19 sale, the second thumbnail image created based upon a second

20 image at a second remote site; and

combining the first and second thumbnail images onto a web page for

presentation at a third remote site;

24. The method of claim 23, wherein said presentation of the first and second

thumbnail images comprises:

determining a predefined page format;

retrieving item information corresponding to the items to be displayed, the

item information including a thumbnail image corresponding to the

item; and

populating the predefined page format based on the retrieved item

information.

25. The method of claim 23, wherein either one of the thumbnail images

presented on the web page at the second site is presented with at least

one of the following:

a title associated with an item with which a given one of the thumbnail

images corresponds;

a current bid on the item corresponding to the given one of the thumbnail

images; and

an auction ending time for the item corresponding to the given one of the

thumbnail images.

26. A method of displaying items, the method comprising:

image at a first remote site;

retrieving from the database a second thumbnail image associated with a

second item for sale, the second thumbnail image created based

upon a second image at a second remote site; and

responsive to a query, combining the first and second thumbnail images

onto a web page for presentation at a third remote site.

FEE CALCULATION

27. The method of claim 26, wherein said presentation of the first and second

thumbnail images comprises:

determining a predefined page format;

retrieving item information corresponding to the items to be displayed, the

item information including a thumbnail image corresponding to the

item; and

populating the predefined page format based on the retrieved item

information.

FEE CALCULATION (continued)

10. 28. The method of claim 26, wherein either one of the thumbnail images

2. is presented on the web page at the second site is presented with at least

3. one of the following:

4. a title associated with an item with which a given one of the thumbnail

5. images corresponds;

6. a current bid on the item corresponding to the given one of the thumbnail-

7. images; and

8. an auction ending time for the item corresponding to the given one of the

9. thumbnail images.

10. 29. In an online commerce environment, a method of allowing a user to

11. preview a plurality of items for sale, the method comprising:

12. receiving a query; and

13. causing a plurality of thumbnail images corresponding to items that satisfy

14. the query to be displayed, each of the thumbnail images created

15. based upon a specified image.

16. 30. The method of claim 29, wherein the specified image is specified by a

17. user.

18. 31. The method of claim 29, wherein the user-specified image comprises a

19. location at which the image can be found.

1 32.

A method of presenting items for sale, comprising:
